European Cross

The European Cross on Alberfeldkogel was made in 2006 and has been a popular destination at the Feuerkogel since then. In about one hour's walk from the mountain station of the Feuerkogel cable car you'll get to the viewing platform, from where you can enjoy breathtaking views of the lakes Langbathsee, Traunsee and Attersee.

Via Ferrata

This Via Ferrata for leisure climbers was set up on the high plateau of the Feuerkogel, at the north-eastern edge of Alberfeldkogel.

Combined with the impressive plateau landscape, the glacier ice on Dachstein Mountain sparkling from afar and atmospheric Lake Traunsee in the valley, it is a beautiful tour appealing to Ferrata novices in particular. The technical difficulty is in the classic range.

- Access point near Alberfeldkogel
- Level of difficulty B/C
- Length approx. 400 m
- Altitude difference approx. 140 m
- Walking time approx. 3 ½ h
